YOU MAY BE EXPERIENCING

- Uncertainty about the right next step
- Pressure to make decisions quickly
- Managing multiple providers without clear coordination
- Concern that something important could be missed

WHEN TO CALL

- A hospitalization or health crisis has disrupted stability
- A dementia or complex diagnosis has changed care needs
- Care providers are not aligned or communication is inconsistent
- A transition to assisted living or higher care is being considered
- You need experienced, objective guidance to move forward

ABOUT US

For over 10 years, Unicity Care Management has guided clients through complex medical and long term care decisions.

Our team of Registered Nurses and Licensed Social Workers provides structured oversight across every aspect of care, including medical, cognitive, safety, and interpersonal dynamics.

We bring clarity, coordination, and accountability when it matters most.

HOW WE CAN HELP

HOW WE HELP YOU RIGHT NOW

When you reach out, we immediately:

- Clarify the right next step
- Coordinate care and providers
- Reduce confusion and pressure on your family
- Ensure nothing is overlooked

THE UNICITY CARE MANAGEMENT STABILIZATION FRAMEWORK

HOW WE HELP YOU REGAIN CONTROL

ASSESS

We understand the full situation by evaluating medical status, cognitive health, safety, and all factors impacting care

STABILIZE

We address immediate risks and coordinate with providers to prevent complications

COORDINATE

We align physicians, facilities, caregivers, and family to ensure nothing is missed

PLAN

We create a clear plan on how to move forward. We guide long-term decisions and build a strategy for stability and wellbeing
